Instructions:

For detailed instructions on making this card, please see the video tutorial.

- Stamp the Bokeh Dots image onto one of the Whisper White panels. Then use StazOn Tuxedo Black ink to stamp the dandelion and a sentiment of your choice.
- Layer the stamped image panel onto the larger panel of Basic Black. Wrap a strip of ribbon around the bottom left corner. Secure onto the back of the card with tape. Take another strip of ribbon and do a tie on.
- Put the completed panel onto the front of the Mint Macaron Card Base.
- Take the small panel of Basic Black and put it along the left side of the inside panel as shown trimming even with the card base if necessary.
- Stamp some dandelion seeds into the upper left and lower right corners of the second panel of Whisper White and secure to the inside panel.
