- Put the DSP onto the Basic Black panel and then put onto the front of the card base.
- Put the Whisper White panel into the inside of the card.
- Stamp a small sized sentiment onto the scrap of Soft Seafoam and then punch out with the Tailored Tag Punch.
- Use the small butterfly from the Butterfly Duet Punch and punch out two butterflies. Put one of them onto the Tailored Tag Punch Out above the sentiment using a Mini Glue Dot. Put the other one on the inside panel of the card as shown below.
- Attach the Tailored Tag Punch with Stampin Dimensionals onto the right-hand side of the card, keeping the left side open to use as a closure for the card.
