Instructions:

You may wish to refer to the video for visual instructions.

- Stamp the Many Messages stamp using Versamark ink onto a scrap of Basic Black card stock. Sprinkle White Stampin' Emboss Powder over the top. Shake off the excess. Heat emboss.
- Once cool, run through the Stampin' Cut & Emboss Machine to cut out all the sentiments at once. Use the hearts and stars as your guide to getting the die to line up properly.
- Attach the strip of Garden Green Oh So Ombre Designer Paper to the inside panel.
- Attach the Vellum card stock to the front of the card base making sure that the adhesive does not go too close to the edges where it would show through.
- Attach the Basic Black panel over the Vellum panel with Stampin' Seal or Glue.
- Stamp the poppies with Tuxedo Black ink onto the panel of Granny Apple Green DSP. Color with the Poppy Parade Stampin' Blends.
- Use Stampin' Seal to attach the stamped and colored Granny Apple Green panel to the Poppy Parade panel.
- Select a sentiment of your choice and add to the top of the stamped panel with Stampin' Dimensionals. If you are using a thin sentiment, it might work better to use Mini Stampin' Dimensionals.
- Use Stampin' Dimensionals to attach the completed top panel to the Basic Black panel.
